

eP Harga

Magic eP
Choose a program from the sidebar and run the matching automation.

Programs

Each program has its own inputs and automation output.

eP Specifications

eP Harga

Bidding Price - Peralatan

Bidding Price - ICT

Settings

eP Harga

Provide the requested inputs, click run, and copy the generated script (**Script on the right will only change the note "Catatan").

List Harga

Catatan

100 200 300

Harga yang ditawarkan mematuhi spesifikasi tender ...

Run

CP_HARGA.txt

CATATAN_SHJ.txt

Copy output

Copy output

How to:

1. Copy price list from excel file and paste it in "List Harga". For example: 2,250.00
7,100.00 5,397.00
2. Fill in the remarks Catatan.
3. Click the Run button.
4. Copy the output on the left side to automatically fill in the prices and remarks.
5. (Optional) Copy the output on the right side to change only the remarks Catatan for other bidding companies.

Example after running the program

Magic eP

Choose a program from the sidebar and run the matching automation.
